April	8 – 10	Richmond, VA
June	17 – 19	Richmond, VA
August	19 - 21	Richmond, VA
November	4 - 6	Richmond, VA

Overview

The MSI MT1 Trainer Certification Course is a three-day intensive train-the-trainer program to teach instructor candidates how to deliver the MSI-approved MT1 instructor-led curriculum. Trainers can be secondary or post-secondary educators or corporate trainers. Individuals interested in becoming a Certified MT1 Trainer should have experience in industry; however, this is not a requirement. Academic faculty and staff with a contextual understanding of advanced manufacturing or experience in the skilled trades are also good candidates to become certified trainers. Certified MT1 Trainers must be able to demonstrate a comprehensive understanding of the MT1 Body of Knowledge as evidenced by successfully obtaining the MT1 Certification.

MT1 Trainer Certification Course

The MT1 certificate program is a highly specialized training program based on core manufacturing skills and the techniques and interrelationships found in high performance manufacturing and production. MT1 instruction focuses on the critical actions, STEM knowledge, systems and processes necessary to participate in an advanced manufacturing enterprise. The MT1 Trainer Certification Course provides new instructors with the core industry-wide technical skills required to deliver the MSI approved MT1 training modules. Certified MT1 Trainers are equipped to teach entry-to mid-level manufacturing production tasks that lead to technician jobs in the manufacturing industry.

*MT1 Trainer Certification Course session locations in Richmond may vary. Lunch will be provided. Please contact the MSI Solutions Team for a list of hotels in the area.

Course Tuition

The MT1 Trainer Certification Course tuition is \$2,800. Materials include: Instructor Resource Guide, Student Workbooks, MSI Learning Network eCourse Guide, PowerPoint Instructional Slides and MT1 assessment testing (pre- and post-course). Tuition cost also provides membership in the MT1 Certified Trainer Network.

NOTE: If a training session is not full, course registrants will be asked to attend an alternate session. Remote training may be provided in your region. Please contact us to discuss the number of participants interested.

MT1 Certified Trainer Network

The MT1 Certified Trainer Network is a Community of Practitioners to share the unique value of the MT1 certificate program's curriculum, assessments, collateral materials, Online Learning Lab, Action Learning Lab and Learning Management System (LMS).

Certified trainers will be included in continuing professional education seminars, webinars and programs hosted regularly by the MSI. Topics may include best practices, tax/funding incentives, "how to" disaggregate the MT1 curriculum into modular courses, etc. Additionally, members can access resources and support from our Master Trainer.
